INFORMATION ARCHITECTURE: About MAEd Information Architect & Design Experience

Information Architect Specialist
User Experience Designer

MAEd

Information Architecture & Design Program

Curriculum for MAEd Program

“The curriculum covers cognitive and learning theories, needs assessment, instructional design models and strategies, visual and **web-based designs**, information architecture, **usability testing**, knowledge and **performance assessment**, and **project management**. ”

For the **MAEd** program, I specialized in:

Primary Major/Emphasis: User/design research, information architecture (IA), user experience design (UXD), visual and Web-based designs, interface design, user-centered design, interaction design, use case scenarios, mapping and diagramming, social media, project management, and usability testing.

Secondary Major/Emphasis: Corporate training, instructional design, cognitive and learning theories, needs assessment, instructional design models and strategies, ADDIE Model, e-Learning, graphic design, technical and professional writing, and Adobe Creative Suite.

Previous design education, degrees, certificates, experience, and expertise paved the way to these majors. I am an information architect and user experience designer. I know that my unique research contributes significantly to the industry and global online community.

Details

Produced and successfully completed multiple projects relevant to the industry.
